

Fall Down

**I feel Your love over taking me
I hear Your voice echoing
I feel the earth start to tremble
As your people we fall down**

**We get down on our knees
Raise our hands to the sky
We feel Your love pour down as we
Lift our praises high**

**I am desperate for Your presence
I feel Your joy I can' contain it
Oh Your love is overwhelming
As Your people we fall down**

**Bridge:
Your love is all I need
Your grace is what I long for
Let your spirit rain down
With a glorious down pour**
