Right Here - INTRO: D - E

D E D E
Lord come fill this place, make me a sacred space
D E F#m
To be consumed by You, and all You do
I confess my unclean heart, my insincerity
To be consumed by You, and all You do

Chorus:
D E A Ab/E F#m
I'm longing for You, desperate for Your touch oh God
D E A
Even when I don't feel You, my Lord
Ab/E F#m E D
You have been right here, You've always been right here
D E A Ab/E F#m
Even In the dark, I know you are light to me
D E A
If I will only reach for you, my Lord
Ab/E F#m E D
You have been right here, You've always been right here

Bridge: Bm – C#/A – D - E
Now the dark is growing light, all that's wrong is making right
The sky is open, glory rains down, it fills me up, love has been found
From the deepest darkest part of my soul, that's crying out to be made whole
With reckless abandonedment for You, Lord I feel Your splendor, I see the truth

Your love is brilliant, Your voice magnificent

I just want to stay in this moment, surrounded by You, for all my days
